WELCOME BACK TO SCHOOL

By Kamila Cancio

GOOD BYE 2018 - 2019

The last school year we did many exciting things ! We got rated as A Steam Gold school. Many exciting events made it an awesome school year like, Dr.Seuss Day, The Bottle Rockets, the Math Olympics, Spelling Bee, Career Day, and one of the events we will never forget is the fifth grade banquet. On this day we said good bye to all of the wonderful students who were moving on to middle school.

SPECIAL THANKS:

To teachers who motivated me to do this project, and for CPE that gave me the opportunities to do great things.

It is back to school season. We were anxious to start school. For young children in pre-k, and kindergarten, this is something that they have never experienced. Eventually, Coral Park Elementary will become their second home. For others, it will be reuniting with old friends, entering renovated classrooms, and new teachers waiting to further educate them. For new students welcome to our beloved school, Coral Park Elementary.

Something else that happens during back to school season is that

parents go insane looking for school supplies at Office Depot and uniforms at Walmart. All students and teachers, appreciate this great effort from parents. Some parents aside from buying

supplies and uniforms also give donations to the teacher's classroom, for example, tissue boxes, soap, loose leaf paper, and hand sanitizer. These donations help teachers.

Upcoming events

- Halloween Trunk or treat
- Book fair
- National Library Card Month
- Thanksgiving

A Good Message

We have the honor of starting a new school year with this inspiring message from the superintendent of the Miami Dade Public Schools Alberto Carvalho that every student should read!

- That subject in which you have struggled in –this is the year you can master it.
- That friend you had a falling out with-this is the year you can create peace with each other.
- That concern about fitting in to look cool- this is the year you can fully express yourself.
- If you have the belief, skill, and sheer will to accomplish great things and to be true to yourself and to your heart, then this year will be one that you look back as an adult and smile.

Go for it and make us, and more importantly yourself, proud.
